¹This figure added to or subtracted from the estimate provides the 90-percent confidence interval.

NOTE: The symbol (B) means that the base is less than 75,000 and therefore too small to show the derived measure.

NOTE: " - " Represents zero or rounds to zero.

Separate estimates for the race group "White Non-Hispanic Alone or in Combination," which were included in 2004, have been removed from this table. Please contact the Education and Social Stratification Branch if you have any questions (301-763-2468)
